# Letter from our President

Brothers of Alpha Lambda,

My name is Will Brewster, the chapter's newly elected president for 2025. I am a sophomore from Omaha, Nebraska studying Civil Engineering while on an accelerated path to an MBA. I am extremely excited for the opportunity to serve as our chapter's next president and to work with the next executive committee to bring the chapter to new heights.

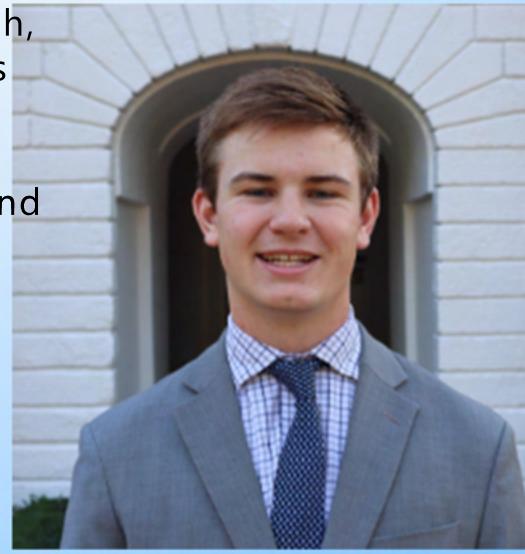

This Fall has been a busy and exciting one for the chapter. We welcomed 12 new members into the bonds and enjoyed their great performance in Delta Gamma's Anchor Games dance competition. The chapter had its biggest social calendar to date, headlined by four different joint events with Jefferson Street fraternities, including three parties with notable music artists. We also enjoyed an Oktoberfest themed date party and hosted a semi-formal event at Session, a cocktail bar in downtown Tuscaloosa. Additionally, the chapter had a great time working with the Alpha Chi Omega Sorority on their homecoming pomp. We finished the semester strong with brotherhood events at Splatzone Paintball and PopStroke.

My first year and a half at the Capstone has been highlighted by fraternity events and time spent with my brothers. In this short time, I have seen the hard work of brothers lead to better social and philanthropic relationships, and soon enough, it will be highlighted by an on-campus house. Since recolonizing in 2021, the chapters sights have been set on a housing opportunity. It is exciting to reach this goal, but as Coach Saban wisely said, "This is not the end, this is the beginning." With this new opportunity comes a chance to grow in new and exciting ways. We envision the house as a recruiting tool and social hub, but most importantly, a central place for brothers – past, present, and future. With that being said, I would like to formally invite you to our House Opening Weekend on September 12th-14th, 2025. More details for the weekend will be available this upcoming spring.

It is an honor to serve as the president of our chapter and I am immensely grateful to everyone who has supported our mission thus far. I am ecstatic to see what the future holds for us.

Yours In The Bonds,

Will Brewster
